

CanSkate is a dynamic learn-to-skate program that focuses on fun, participation and basic skill development. Based on Sport Canada's long term athlete development (LTAD) principals, CanSkate centers on physical literacy and the fundamental skills needed to take part in any ice sport or to skate as a recreational activity.

CanPower is an action-packed, high energy instructional power skating program geared to hockey and ringette skaters that focuses on balance, power, agility, speed and endurance. Skills, techniques and conditioning drills are taught in a progressive format that emphasizes how the skills apply to game situations.
